

Name: _____

Period: _____

Culinary Research Project – Day 1 and 2

1. Choose a topic that relates to food and/or food preparation in any way. Do a quick online search to verify that you will be able to find information from reputable sources on that topic. Check with Mrs. Wignal to be sure the topic works.

Topic: _____

2. Brain-storm some key search words that will help you in searching for 3 article that cover your topic.

Key Search Words: _____

3. Use the online databases to find at least 1 article that relate to your topic.

Proquest/SIRS Database: vikingvh and password is viking

Magill's Medical Guide/Salem Press: password is Valencia

Work Book Encyclopedia: vikingvhs and password is viking

4. Search for the other article using the online databases in the library website, google scholar search or a newspaper site! They must be reputable sources.
5. Read through them before you print to be sure that they have information that you can use for a paper.

Show them to Mrs. Wignal for approval! _____

6. Read through them and highlight facts or comments that you can use in a short paper that you will be writing on Wednesday and Thursday using the information that is given in the articles.
